

## Hazon Summer Internship

Hazon is America's largest Jewish environmental organization. We work to create healthier and more sustainable communities in the Jewish world and beyond. Each summer Hazon welcomes a cohort of interns to work in our New York office on a wide variety of projects.

We seek interns who are interested in the intersection between Jewish tradition and contemporary environmental issues, and who are excited to work on a variety of different projects - including supporting Hazon bike rides and retreats, national networks of educators and lay-leaders, and programs across the spectrum of Jewish Outdoor, Food, and Environmental Education (JOFEE).

The ideal candidate for this position will have a deep commitment to Hazon's mission. At the end of the internship program, each intern will receive a stipend.

We are looking for interns with the following skills and qualities:

- Excellent communication and organizational skills
- Exceptional writing, editing, and proofreading skills
- Detail-oriented and conscientious
- Ability to work independently on projects as well as work collaboratively with a small staff
- Comfortable prioritizing multiple tasks, problem solving, and being creative with limited resources
- Strong research skills and an ability to synthesize information into an easily understandable format
- Sharp analytical thinking
- Creativity and a desire to take initiative and suggest fresh ideas
- Previous experience in writing and editing, food work, or nonprofit communications a plus
- Tech savvy and lover of social media a plus

The intern must be able to commit to 30-40 hours of work per week.

Hazon has offices in multiple locations and internship opportunities are available in:  
San Francisco, CA; Boulder, CO; Denver, CO; Falls Village, CT; New York, NY
