

Hazon 2020 Internships

Hazon is the Jewish Lab for Sustainability. Hazon works to create healthier and more sustainable communities in the Jewish world and beyond. In aggregate, we're seeking to shift the nature of what it means to be Jewish in the 21st century – enabling and encouraging Jewish people to have an impact in the world and transforming Jewish life in the process. We are based in New York and have a retreat center in Falls Village, CT and offices in Boulder and Detroit.

Hazon has benefited greatly from the presence of energetic and passionate interns. We are committed to offering interesting, fulfilling, and fun internship experiences to give you practical work experience and a firsthand view of a successful nonprofit organization. While you will provide useful assistance to Hazon, you will gain valuable on-the-job training that is designed to assist you with your future career search.
