

## Hazon 2020 Internships

Hazon is the Jewish Lab for Sustainability. Hazon works to create healthier and more sustainable communities in the Jewish world and beyond. In aggregate, we're seeking to shift the nature of what it means to be Jewish in the 21<sup>st</sup> century – enabling and encouraging Jewish people to have an impact in the world and transforming Jewish life in the process. We are based in New York and have a retreat center in Falls Village, CT and offices in Boulder and Detroit.

Hazon has benefited greatly from the presence of energetic and passionate interns. We are committed to offering interesting, fulfilling, and fun internship experiences to give you practical work experience and a firsthand view of a successful nonprofit organization. While you will provide useful assistance to Hazon, you will gain valuable on-the-job training that is designed to assist you with your future career search.

We are seeking interns to volunteer in the following areas, with some opportunity to welcome interns to one of our offices when health conditions allow for it. Descriptions of each of our internships are listed on the following pages.

## **Outreach & Community Building Intern**

Hazon is rolling out a new summer event, the 2020 Vision Rides, for participants to help us collectively reach 360K miles & raise 360K dollars. We're hoping to use this not only as a fundraiser, but as an opportunity to create community during this complicated time, and a way to jumpstart effecting change in our own lives, leading to greater change worldwide.

Hazon is seeking a remote part-time intern to work with Hazon's Special Events Team for 10-15 hours/week for 3-4 months in the window of July - October. This position is remote (and hence we can accept candidates anywhere in the USA) and will be supervised by Sara Pilavin, Special Events Coordinator.

- Other work as needed and complementary to Hazon's needs & intern's interests/skills.
- Optional: Participation in Hazon's all-staff meeting, which happens 2-3 times a month.

Interns are provided with real work and responsibilities, and we need strong, mature candidates who can get the job done. The ideal candidate is: interested in (and even passionate about) the intersection of sustainability and Jewish life, organized, responsible and reliable, self-motivated, detail-oriented, an excellent interpersonal communicator, has a professional demeanor, is comfortable communicating with new people, excited to learn new things, able to do small tasks while thinking big, and a team-player who contributes to a friendly work atmosphere.
